

## Description: Content Creator

The South Carolina Coalition Against Domestic Violence and Sexual Assault (hereafter referred to as “SCCADVASA”) is the statewide coalition of 22 organizations providing direct services to victims and survivors of domestic and sexual violence. We are the collective voice promoting the prevention of domestic violence and sexual assault in the state. The Coalition is requesting bids for contract services to create and provide non-profit advocacy organizations, parents, teachers, and teens with tools, resources, trainings, and discussion questions surrounding primary prevention of sexual violence. Our objective is to select a provider that most fully meets the requirements identified in this RFP, including a strong desire to increase SCCADVASA’s capabilities for effectively providing training and education to virtual learners during the global pandemic, being able to integrate ADA compliance and translation services for users who speak a language other than English.

The selected provider(s) will supply services in the following lots:

1. Provide primary prevention content that can be integrated into a prevention website that includes messaging for male youth and young adults.
2. Provide and create tools, resources, trainings, and discussion guides for parents, teachers, teens, and community educators at our member organizations.
3. Work closely with Coalition staff and website contractor to create a website that provides an engaging learning platform for residents of South Carolina to learn about the prevention of sexual violence.
4. Provide resources that are ADA compliant and available for translation services for users who speak a language other than English
5. Must have a proven history of providing resources on primary prevention in community work.
5. Ability to work within a tight timeline to meet grant deliverable, website content, by January 31, 2021.

**Bidders must demonstrate a history of providing these or similar services and the capacity to provide services consistent with all line items.**

The contracted services will improve and enhance SCCADVASA and its member agencies services to these populations to ensure that mission, culture, and practice are aligned to recognize and prevent sexual violence.

Delivery Point: Statewide; remote work
